Started my college career majoring in accounting and also took my first Python course during this period which caused the switch in interests.

PROJECTS

The Studio Theatre — WordPress based with CSS

<https://www.studiotheatrelr.com/>

As a team, worked with the client, The Studio Theatre, based in Little Rock, to build a web page for all consumers to use to learn about this non profit organization. On this site, you can buy tickets, learn about past productions, see what productions are coming up, learn about the casts and even donate!

Portfolio — HTML and CSS with JavaScript

<https://csmitty97.github.io/portfolio/index.html>

My personal portfolio that goes over all projects in both IT and filmmaking. This site itself is mainly HTML and CSS but the IT examples provided are JavaScript based.
